

## Various roles

Technical Support (including on 'evaluations') to Manage the Support Measures (Technical Assistance Component) for the Multiannual Indicative Programme for Sub-Saharan Africa (SSA MIP)

### About the project

We are seeking candidates for numerous roles on the EU-funded Technical Support (including on 'evaluations') to Manage the Support Measures (Technical Assistance Component) for the Multiannual Indicative Programme for Sub-Saharan Africa (SSA MIP) project. The tender for the project is expected to be released soon and therefore we are looking to identify experts now in preparation for the shortlist.

The EU-funded Technical Cooperation Facility of the Support Measures constitutes part of a financial envelope in the Multiannual Indicative Programme for Sub-Saharan Africa (SSA MIP) which allows DG INTPA unit A.02 for Regional and Multi-Country Programmes for Africa, as well as other DG INTPA Units, EU Delegations (EUDs) and potentially other key stakeholders in Sub-Saharan Africa to make use of technical assistance. Technical assistance is needed to translate through appropriate programme identification, formulation, and implementation of the political and strategic priorities formulated in the SSA MIP into concrete activities achieving the intended impact. Technical support is also needed for monitoring of actions and to implement evaluation services to assess the results achieved through the Neighbourhood, Development and International Cooperation Instrument – Global Europe (NDICI-GE) support, as well as stakeholder consultations, negotiations, policy dialogue and development related to the EU cooperation under the SSA MIP and its priorities.

### About the roles

We are seeking to recruit numerous positions with experience in EU development cooperation, working in the African continent and with specific areas of technical expertise. Expert positions and requirements will be confirmed at tender stage, upon release of the Terms of Reference.

The provisional contract commencement date is 1 September 2025 with a contract duration of 48 months, with variable inputs across expert roles.

### Anticipated expert profiles

Anticipated expert profiles and required experience include:

#### Team Leader

- Master's degree in relevant fields
- 10+ years in development cooperation
- Experience working on EU-funded projects and project cycle management, including identification, planning, formulation, implementation and/or monitoring

- Familiarity with EU programming and frameworks (e.g. Team Europe, Global Gateway, EFSD+, etc.)
- Policy dialogue experience
- Regional experience across Sub-Saharan Africa, including with regional bodies (e.g. African Union, Regional Economic Communities, etc)
- Excellent communications, writing and reporting skills
- English and French language skills (advantageous)
- Experience as Team Leader or in team management roles

## Monitoring and Evaluation Expert

- Master's degree in relevant fields
- 10+ years in development cooperation
- Experience working on EU-funded projects, including monitoring, evaluation, audit, feasibility studies, impact assessments, support for public policy formulation, etc.
- Experience developing performance indicators, targets and monitoring and evaluation (M&E) frameworks for measuring results and impacts of international development projects
- Experience in M&E reporting and dissemination of lessons learnt
- English and French language skills (advantageous)
- Regional experience in Sub-Saharan Africa

Other Key or Non-Key Expert positions may include:

- **Project Coordinator** with EU project cycle management and coordination experience, familiar with EU programmes/policies.
- **Senior and Junior Experts** with working experience in Sub-Saharan Africa and in one or more of the following technical areas: Green transition; Digital and science; Technology and innovation; Sustainable growth and decent jobs; Governance, peace and security; Culture; Migration and forced displacement; and Human development, including health and education/skills.

## How to apply

Please send an up-to-date CV, preferably in EU format, to [rashmi\\_crockford@landell-mills.com](mailto:rashmi_crockford@landell-mills.com) including your anticipated daily fee rate in EUR. Please send any queries regarding this role to the same email address.
